U. S. STAND ON GERMAN REPARATION IS ANNOUNCED

Re-opening of Negotiations
With Allies Indicated in Notes
Exchanged

Insists Germany Pay to "Limit
Of Her Ability."

U. S. With Allies in Holding
Germany Responsible

Desire to Re-open Negotiations
Is Recognized

(By Associated Press)

Washington, April 4.—Formal statement of the attitude of the United States as to German reparations is contained in an exchange of communications with German government officials made public today by the State Department.

They are in the form of memoranda transmitted through Loring Dresel, American high commissioner at Berlin.

The German communication dated March 23rd was written by Dr. Walter Simons, German foreign minister and asserted it was "entirely clear" both to the Government and people that Germany "must make reparations to the limit of her ability to pay" but sought "examination by unbiased experts" to determine the extent of her ability.

In his reply dated March 29th Secretary Hughes expressed pleasure at Germany's "unequivocal expression" of its desire to pay to the limit of ability and declared the United States "stand with the governments of the allies in holding Germany responsible for the war and therefore morally bound to make reparation, so far as may be possible."

"This government," Secretary Hughes' memorandum said, "believes that it recognizes in the memorandum of Dr. Simons a sincere desire on the part of the German government to re-open negotiations with the allies on a new basis, and hopes that such negotiations, once resumed, may lead to a prompt settlement which will at the same time satisfy the just claims of the allies and permit Germany hopefully to renew its productive activities."

(By Associated Press)

London, April 4.—Prince Andreas, of Greece, brother of King Constantine, has died from wounds received in fighting near Brusa, says a Constantinople dispatch to the Evening News, quoting a Turkish announcement.

The Turks also assert that General Vlachopoulos, who was in command of the Greek attack against the Turkish Nationalists on the Brusa front, has been killed in action.

CONSIDER WAGE REDUCTIONS IN RAIL OPERATION

Security Holders and Brotherhoods Confer

Meeting Under Way Behind
Closed Doors

(By Associated Press)

New York, April 4.—Ways and means for putting into effect a general wage reduction for all railroad employees were discussed here today at a conference between representatives of interests owning more than \$12,000,000,000 worth of railroad securities and officials of the "big four" railroad brotherhood.

S. Davies Warfield, president of the National Association of owners of railroad securities who called the meeting to discuss "a remedy for the present situation" declared before the meeting started that wage reductions was the principal issue to be considered.

The conference was held behind closed doors.

MICHIGAN IS TAKING BALLOT

(By Associated Press)

Detroit, April 4.—Michigan voters today were passing upon a proposal to bond the state for \$30,000,000 for a soldiers', sailors' and nurses' bonus.

JOHN BULL'S DRINK BILL IS INCREASING

(By Associated Press)

Washington, April 4.—Great Britain's drink bill increased by more than four hundred million dollars last year as compared with 1919, says a report to the Department of Commerce from Consul Hunter Sharp at Edinburgh, Scotland.

The amount spent on intoxicating liquors in the United Kingdom in 1920, the consul says, is estimated at \$2,285,795,050, as against \$1,878,469,000 in 1919. The total, however, is about 24 percent less than before the war.

PROHIBITION COMMISSIONER VISITS MAYORS

Governor Will Take No Action
Until Personal Probe Made

Hint Mayor in Northern Ohio
May be Ousted

(By Associated Press)

Columbus, April 4.—Governor Davis today will take no action toward citing before him mayors who are alleged to be lax in enforcement of the state prohibition law until Prohibition Commissioner Parker returns from a personal inspection trip, probably tomorrow.

It was stated last Saturday that reports of inspectors of the prohibition enforcement division indicated that in at least two cities mayors were so lax in enforcing the prohibition laws that their removal may be suggested and that in some others the laxness was very apparent and that the executives of those cities might be called upon for an explanation.

It is understood that Gov. Davis deemed best for Commissioner Parker to make a personal investigation of the worse case before taking any drastic action.

The executive office would not confirm reports today that the mayor of a northern Ohio city had been cited to appear before him.

Daytona, Fla., April 4.—Starr J. Murphy, counsel for the Rockefeller Foundation and legal adviser of John D. Rockefeller, Sr., died in a hospital here today after a brief illness.

SITUATION IS GROWING SERIOUS IN ENGLAND

Military Steps Will Be Taken In
Coal Miner Strike.

Wednesday Is Regarded As
Critical Stage.

(By Associated Press)

London, April 4.—The signs tonight point to the dispute between the coal miners and government drifting in the direction of the most serious industrial crisis in recent years. There are rumors that the government has decided upon certain military steps which are likely to further to inflame the miners, while further emergency regulations will be issued in accordance with orders giving various governmental department almost unlimited powers to take charge of all mines, equipment and supplies, and to requisition transportation.

Much may depend upon the attitude of the government as revealed by the debate in the house of commons tomorrow and Wednesday will be the critical day, deciding whether the other section of the triple alliance, the railway men and transport workers will strike.

The railway men favor a strike on the grounds that when the railways are taken from government control a similar situation may arise and unless they support the miners now they cannot hope for support later.

FRANCE PLEASED WITH SELECTION OF MR. HERRICK

(By Associated Press)

Paris, April 4.—Approval of the appointment of Myron T. Herrick as United States Ambassador to France has not been officially signified by the French Government.

Entire satisfaction with reports that he is to be the next American ambassador here is expressed at the Foreign Office, however, and formal notification that he is persona grata will go forward in due time, it is declared.

(By Associated Press)

Constantinople, April 4.—The Greek army which has been operating against Eski-Shehr has been driven back behind the Brusa line, following its defeat by the Turkish nationalist, it was asserted here today.

Authoritative sources declared confirmation of reports to this effect had been received.

TARIFF AND TAX REVISION WILL NOT COME FIRST

(By Associated Press)

Washington, April 4.—Plans of Republican Congressional leaders to place tariff and tax revision second on the legislative program of the extra session will stand, it was said today by members of Congress after they had conferred with President Harding.

The president was reported as not entirely satisfied with the program insofar as it calls for repassage of the Fordney Emergency Tariff, but was said to be willing to accept this plan as a measure for agricultural relief view of leaders agreement that a new agricultural relief bill could not be passed.

DENBY FINDS THE U. S. FLEET IN FINE SHAPE

(By Associated Press)

Washington, April 4.—Upon stepping ashore at the Washington Navy Yard today after a two weeks tour of inspection of the fleet and navy shore establishment in Cuba, Haiti and Dominican Secretary Denby said the "Atlantic fleet is in fine shape and I was wonderfully impressed with its splendid condition."

Mr. Denby said he made a careful study in Haiti and found the marine corps well conducted with a spirit of cordiality between the natives and "devil dogs."

PROMISES NEW SENSATION IN BASEBALL MESS

(By Associated Press)

Chicago, April 4.—Promises of a new expose in the baseball scandal came from an unexpected quarter today when attorneys defending the eight Chicago White Sox players announced they had uncovered a "real scandal" in which men hitherto mentioned in the case had won more than \$300,000 on the series.

HUNGARY TOLD CHARLES MUST LEAVE AT ONCE

(By Associated Press)

Vienna, April 4.—The Austrian cabinet has notified the Hungarian government that unless an early hour is set for the certain departure of ex-Emperor Charles the Austrian government will cancel his safe conduct.

This notification has evoked a promise from Hungary that Charles would leave that country within 48 hours from Sunday night.

Diplomatic circles do not credit the report from Steinmanger by way of Budapest that the former ruler has been declared ill by an English physician.

BANDITS LOOT MOVIE TILLS

(By Associated Press)

Detroit, April 4.—Three armed bandits this morning entered two vaudeville theaters here, broke into the office safe and escaped with \$4,000.

At one theater, where the major part of the loot was obtained, a watchman and three scrub women were held at bay while the combination was being knocked off the safe.

BRITISH LABOR LEADER BUSY IN THIS NATION

(By Associated Press)

New York, April 4.—John L. Jones, British labor leader declared in a statement issued here today he intended to enlist support of American workers to striking British miners to "nationalize" the mines, placing them under direct control of the miners.

WORKERS WILL ACCEPT A CUT

(By Associated Press)

Pittsburg, April 4.—Agreement by the company association of workers to accept a "just and reasonable" wage reduction and decision of union shop workers to consider and make answer at a later date was the result of the wage conference here today between the Pennsylvania railroad and delegates for the shop craft.

FORTY CALLERS

(By Associated Press)

Washington, April 4.—President Harding's policy of receiving callers on only three days a week resulted today in the heaviest engagement list since he entered the White House.

Forty names were on the appointment schedule, which covers the day from 9:45 a. m. to 6 p. m. Eight of the forty were to bring delegations with them to pay respects to the chief executive and one of the eight delegations numbered forty-five persons.

KNOX PEACE RESOLUTION TO BE CAST IN HOPPER

Resubmission of Measure To
End State of War Decided
Upon

May Delay Action While Arrang-
ing New Concord of Nations

(By Associated Press)

Washington, April 4.—President Harding is understood to have approved immediate reintroduction of the Knox Peace resolution when Congress convenes next week.

Final decision has not been reached however, it was indicated today by Republican leaders, as to when it would be pressed for adoption.

Hopes are said to be entertained in administration circles that definite progress toward a concord of nations on a new world peace program might be possible within a short time. For that reason, it was intimated, a period of three months or so might be allowed to elapse before action on the resolution was taken by Congress.

SEEK SOLUTION TO SKELETON IN CLEVELAND

Found in Quicklime in House
Of Mystery

(By Associated Press)

Cleveland, April 4.—City and county officers were working today to clear up the mystery surrounding the finding of parts of the skeleton of a man believed to have been murdered and buried in quicklime, unearthed Sunday in the basement of a vacant South Park cottage, which in times past attracted attention because of its barred windows and the suspicious actions of the tenants.

Police believe the body has been in the ground only a few months. No clue as to the cause of death or how the skeleton came to its burial place has been found.

REV. NICHOLSON ASSUMES CHARGE OF LOCAL CHURCH

Rev. Arch H. Nicholson opened his pastorate at the First Presbyterian Church Sunday morning most auspiciously, with the glory of a perfect spring day flooding the church, and a splendid congregation, the choir rendering good music, and flowers filling the air with fragrance.

The sermon was one of much excellence, preaching the gospel of joy as it is found in the Christian belief and unselfish love for humanity, and urging the co-operation of the people of his church in Christian service.

The new pastor was most cordially welcomed by the large congregation at the close of the service. The formal installation will be held on Sunday, April 24.

Rev. Nicholson moved his family, consisting of a wife and four-year old daughter, Evelyn, from Bourneville Monday and they are now domiciled in the Presbyterian parsonage, which underwent extensive improvements and tasteful redecoration this spring, under the direction of the Woman's Guild.

MOOSE CHARTER STILL OPEN

The Washington C. H. Lodge, Loyal Order of Moose, the initiation of which took place Monday evening, March 23, will endeavor to build up its membership by accepting applications at the reduced initiation fee of \$10.00 for a few more weeks. If you wish to insure your family against poverty and ignorance, join the ranks of this wonderful organization at once.

Let our representative call on you and explain in detail the benefits of our order, and tell you about "Moose heart, the School That Trains for Life."

If you desire to take advantage of the reduced initiation fee which is \$10.00 now, and will be \$25.00 when the charter closes, call Mr. Merrill, Auto. phone 5923, or drop him a card addressed to Box 117, Washington C. H., Ohio.

All members are urged to be present at the regular meeting to be held Tuesday evening, April 5. Important business to be transacted. Advt.

STRAWBERRIES ARE MUCH IN DEMAND

Strawberries on the breakfast table from now on until the season closes are going to be in an abundance never equalled in former years, local grocers said Saturday.

Selling at 43 cents per quart the markets were supplied with the finest berries for Saturday buyers, while other grades, known as sanded berries, might be had for 35 cents.

Grocers said that this was the lowest price in their recollection that strawberries had sold for at the first of April.

An unusually large crop in southern states is responsible for the attractive price, it was said. The berries reaching this city come from Alabama and Louisiana.

POWLESS IGNITION COMPANY OPENING

Motorists will be interested in the opening here of an up-to-the-minute

testing and repair shop for automobile electrical systems and accessories to be known as the Powless Ignition Co.

The new shop which is now doing business, will be under the management of Doan Powless, local mechanical expert, and is located on East Market street opposite the Ortmann Motor Co.

Equipment of the shop includes a universal testing machine, the only machine of the kind between Columbus and Cincinnati, it is said. The company will handle a complete stock of ignition parts.

RAINFALL DOUBLE NORMAL IN MARCH

During the month of March the rainfall was just double the normal amount.

The water that fell during the 31 days was 6.53 and it should have been only half that much.

The observance was made by William Arthur, resigned Weather Man, who is taking the rainfall until a successor is named.

B. AND O. PLACES MEN ON REPAIRS

Fifty Machinists who had been laid off by the B. & O. at Chillicothe were returned to work Monday morning, and indications were that additional workmen who have been out of employment for some time, will be recalled in the near future.

BACK TO OLD PRICE GOES DRECO JUST AS "SPRING TONIC" TIME COMES

Your Favorite Remedy Is Now Sold at "Before War" Price—Announcement Comes Right When You'll be Buying Medicine to Clean Out Your System.

Just at the time many people will want to take a good medicine to clear out their systems and tone up the vital organs, the announcement comes that the old reliable remedy Dreco, favorite in thousands of families, is back to "before the war price." This makes it economical enough for everyone to take a full treatment of this splendid medicine.

Dreco is the same medicine of which Mrs. Almira Carlisle said "I had pneumonia which left me weak, pale and thin. I became nervous I'd roll and toss all over the bed not able to sleep. My bowels were constipated and my kidneys annoyed me day and night by being too active.

"I took a treatment of Dreco and it is remarkable how I improved on it. Very soon my bowels became regular, kidneys were strengthened, my nerves quieted down so that I'd sleep all night long and my appetite grew daily. I've gained weight and strength till today I'm feeling as well as I ever did in my life."

Dreco builds up the whole body and strengthens it, clears the blood of poisons and impurities, stimulates the liver to healthy action, corrects constipation and clears the system of malaria and biliousness. Women who have spells of depression and blues, poor circulation, hot flashes, numbness, no appetite, sleep badly and are pale and listless find in Dreco just what they need.

Dreco is being specially introduced by Frank Christopher in Washington C. H. and sold by all druggists. —Advt.

PROPOSED BILL WOULD ABOLISH STATE AG. BOARD

According to authoritative advice present state board of agriculture may be the last with administrative duties.

Charles H. Allen, of this city, is one of the members of the board.

The reorganization bill, as amended in senate committee, provides for an advisory board of ten members, appointed by the governor for five year terms.

Governor Davis has indicated, it is said that he expects to make no changes in the present membership of the board until the reorganization bill becomes effective, provided it becomes a law.

The new advisory board proposed is to work with the management of the Wooster Experiment station, the proposed director of agriculture and the agriculturalist of the state board of administration. Under the proposed law the board of control at Wooster station is to be abolished and the institution placed under control of the trustees of Ohio State University and director of Agriculture.

Members of the board are Charles H. Allen, this city; H. C. Price, Newark; S. T. Nash, Cleveland; I. S. Myers, Akron; G. B. Warner, Wellston; D. R. Acklin, Toledo; N. E. Shaw, the secretary of agriculture; William Stroop, Dayton; R. D. Williamson, Xenia; J. L. Carlisle, Greenfield; F. B. Houston, South Charleston.

THREE CHURCHES TAKING PART IN UNION SERVICES

Dr. Henry Delivers Three
Forceful Sermons During
First Day Here.

Methodists, Presbyterians
and Baptists Combine For
Special Meetings.

The large auditorium of Grace church was nearly filled Sunday morning to hear Dr. J. Q. A. Henry's first sermon on "The Message of the Cross to a War Torn World." There was a good attendance at the First Presbyterian church in the afternoon to hear him on "Evangelism and World Reconstruction."

A capacity audience greeted him in Grace church in evening when "The Moral Coward" was his subject. "We must make Jesus King," declared Dr. Henry. Christ must rule among the nations, in politics, business, society and the home before our problems can be solved. Democracy cannot be safe for the world unless Christ reigns in human hearts. He who wins souls to Christ is doing the best work that can be done to save the world from its ills.

"Here and there a man may disbe-

lieve in Christ but if everybody was an unbeliever the world would be hopeless. We may take Christ as the saviour and Lord, but if we do we must obey Him, stand for Him and join the forces which make for the coming of His Kingdom. The individual must be saved and the saved must be soul winners."

A vivid illustration was given of a man who was being persecuted, because of his activities in moral reform, a friend speaking to the man's wife expressed fear that her husband might lose his life. She said, "I would rather be the widow of a hero, than the wife of a coward."

Dr. Henry's sermons are filled with scriptural quotations. He argues his points in perfect order. His sermons are thoughtful, appealing to the intellect as well as the heart. Dr. Henry delivered a helpful address to the County Ministerial Association Monday morning.

Monday evening his theme will be "The High Cost of Loving." At 3:00 p. m. Tuesday afternoon he will speak on "The Dignity of Soulship and Service." Tuesday evening his subject will be "Has the Modern Church Lost Its Christ?"

All the afternoon services this week will be held at 3:00 o'clock in the First Presbyterian Church. All the evening meetings will be held in Grace M. E. Church, the singing will begin at 7:15 p. m.

The Baptists, Presbyterians and Methodists have united to make these meetings successful. The public is cordially invited to all services.

FIRST SERMON BY REV. WEST

Greeting Rev. A. W. West in his first sermon since he was called from Chillicothe to the local pulpit, the first Baptist Church was filled for the morning service Sunday.

Rev. West took up his work Thursday evening at prayer meeting but the Sunday service was the official welcome of the large congregation.

Rev. West formerly held the ministry of the local church and his return was marked by home-coming features.

In delivering his first sermon the minister took up the subject of "Constructive Thinking." In this he spoke of the value of man, his commercial physical value, and the measured value of his spiritual worth.

The pastor declared the main business of life is the development of character.

FUNERAL SERVICES MRS. GEORGE JAMES

The family arrives from Indianapolis, Indiana, with the body of Mrs. George James Monday afternoon at 5:15 and go to the home of Mr. and Mrs. Glenn Rodgers where funeral services will be held Wednesday afternoon at 2:00 o'clock. Burial will be made in the Stuckey family lot.

WAR WIDOWS ARE WEDDING RAPIDLY

(By Associated Press)
LONDON. (By Mail)—British war widows are re-marrying so rapidly that the Chancellor, Austen Chamberlain, expects to be able to reduce pensions appropriations in this year's budget by 10,000,000 pounds sterling. This however, is only one of the factors contributed to the anticipated reduction but it is stated that thousands of women made widows by the war have again become wives and thus automatically taken their names off the pension list. The pensions granted to widows of soldiers who died in active service are withdrawn when the widows remarry.

Lets Get Hold of Ourselves

The controversy between the city and the Gas and Electric Company regarding rates to be charged local consumers for electric current for light and power purposes, gives no indication that it is approaching an end.

As a matter of fact developments, during the last week, rather encourage the fear that the controversy is getting more tangled and stubborn with each passing day.

Just what, if anything, council will do or attempt to do at its regular session Monday night is the subject of much speculation.

One thing seems certain—the consumers of Washington are weary of the wrangle and are sincerely hoping that the good sense of the councilmen will prevail and a way found to end the warfare and to establish a reasonable rate schedule.

The whole matter seems now to have drifted into a personal feud with the councilmen and the company officials, with their respective attorneys battling for vindication of an insulted pride or for the humiliation of the adversary party.

As a matter of fact the interests of the company stock holders and the citizen consumers seem to have been lost sight of entirely, while the contestants are gripped in personal combat.

The ultimate consumer's rights have now become the innocent bystander in the fight and the usual fate that overtakes innocent bystanders is at hand for them.

The controversy never should have been allowed to drift into present conditions, but having done so it is time the people's servants take hold of themselves.

The Fruit Crop

Now since first and supposedly exaggerated reports of damage to the fruit crop by Monday night's freeze have been checked up, it is time to look about and see just what the real damage was. We always cling stubbornly to the hope as the annual spring reports of fruit crop killing and damages come along that after Mother Nature will find a way to restore the dead buds to life and rejuvenate the injured fruit.

As a general thing nature does find a way to repair the damage wrought by a late freeze or, to take it the other way 'round, fruit growers are frequently, if not annually thrown into a panic not justified by conditions—that they get scared worse than they get hurt.

The freeze of Monday night though seems to be an exception and a regrettable one. It was an unusually severe one, and the early reports of damage done appear, from later reports, not to have been exaggerated.

The loss in dollars and cents to the orchard owners has been a heavy one and the loss to the home owners in good things for next winter, beyond calculation.

Germany Saved Again

Once more the uprisings in Germany, the Communist revolutions, the "Bolshevik" activities have prosaically flattened out and come to naught. For all of which, of course the world is thankful and feels relieved.

However, the coincidence between the dispute over the reparations demands of the allied nations and the disturbances in Germany is, to say the least of it, remarkable. These disturbances in Germany always occur on schedule time, following the urging of a demand for Germany to meet its obligations. As a general thing, and they have become general, the uprisings are very orderly and systematically conducted, rage furiously for a while, staging a terrifying menace and then before very much harm is done the German people or to Germany property, the revolutionary movement is suppressed and order is restored.

When one considers the orderly nature of the German people, regarding their own possessions, their thrift and industry, in connection with the developments of the past four years, there is not much fear that Germany will ever fall into chaos and the people give themselves over to an orgy of destruction.

POETRY FOR TODAY

MOTHER LOVE

No matter how the elements of man
Are clothed with power, the authentic
rules
Of nature are the same. For gifts
and gold
The hungry men of Rome will flatter
you;
Through fear these few will honor
you, profess
Their love to sate their own ambitious
ends;
But as your wit is noble, you will
know
Your mother only loves you for your
self.

If that love is ambitious, it is well;
She seeks not what she seeks for her
own self
But only questing glory for her son.
Such is the horoscope of mother's
love
Mixed in the waywardness of sacrifice.

The local checker team, composed of Walter Clark, Charles Isom and O. S. Tobin, met defeat in the tournament held at the Cherry Hotel, losing the series of games to their opponents, Messrs. Morgan, Goodrich and Prose of Jackson.

The tournament consisted of a series of thirty games between each pair and the result stood 35 for Jackson, 25 for Washington, and 30 draws.

AT SWORD POINTS TROUBLE FEARED

BELFAST, IRELAND. (By Mail)—The ranks of the 7,000 Catholics who were expelled from the shipyards and factories here last Summer have been swelled by 3,000 more owing to the economic depression. Thousands of Protestant workers are also out of work.

Since the rioting last September there has been no renewal of disturbances on a large scale here, but predictions of outbreaks are often heard. On several occasions Protestant employees have been stoned by small groups of the unemployed, whose bitterness and discontent due to many months of idleness and deprivation is said to be reaching an alarming state.

If trouble comes it is expected to occur in connection with the elections which may be held in the latter part of April or May, according to political prophets.

BEFORE SPRING COMES TONE UP YOUR BLOOD

Your Blood Needs the Help of Gude's Pepto-Mangan in Springtime to Overcome Drowsy, Listless Feelings Called "Spring Fever"

Pale Faces Caused By Bad Blood

That Tired, All-Gone Feeling a Danger Signal That Your Blood Needs This Splendid Spring Tonic

The blood that courses through your body in the arteries and veins is of the most vital importance to the healthy life of the body. The little red corpuscles are what carry life to the millions of cells that make up your body. The blood is also the vehicle that carries away most, if not all, of the waste products.

Springtime is the season when the body adjusts itself from the rigors of winter to the heat of summer. You notice how much sickness there is in the Spring? Perhaps there are weeks when you feel drowsy and listless, and you call it "Spring Fever." It is really your blood that has become weak and thin, and it needs help.

Take that good blood tonic—Gude's Pepto-Mangan. It will give the red corpuscles in your blood new power to carry fresh oxygen to the cells all over the body. You'll notice a change for the better in a few days. It brings the color back to pale faces and lifts you out of tired, all-gone feelings so that you enjoy full vigor.

Spring is the time for a good blood tonic. Take Gude's Pepto-Mangan so that you can enjoy the most beautiful season of the year. Get it at your druggist's, but be sure it is the genuine, with "Gude's Pepto-Mangan" printed on the package. It is sold in both tablet and liquid form. They have exactly the same medicinal value. THINGS TO KNOW IN THE SPRINGTIME

DIABLO AND THE DOGWOOD

By Ernest Thompson Seton.

(Copyright 1921.)

What a glorious thing is the Dogwood in our woods! How it does sing out its song! More loudly and clearly it sings than any other Spring flower. For it is not one but a great chorus; and I know it is singing that "The Spring, the very Spring is in the land!"

I suppose if one had King Solomon's fayland ears, one might hear the Dogwood music like a lot of church bells pealing, like the chorus of the Cathedral where Woodthrush is the preacher-priest and the Veeries make responses.

It was Adam's favorite tree, they say, in the Garden of Eden. And it grew so high, flowered so wonderfully, and gave so much pleasure, that Diablo, who is also called the Devil, wanted to kill it. He made up his mind that he would blight and scatter every shining leaf of its snowy blossoms. But he got a shock when he found that every flower was in the shape of a cross, which put them beyond his power to blight. He was furious at not being able to destroy its beauty, so he did the worst he could. Keeping away from the cross, he bit a piece out of the edge of every snowy flower leaf, and then jumped back to the Honey Locust Tree.

The Locust was ashamed when she found that she had helped Diablo to do such a mean bit of mischief, so she grew a glistening necklace of strong spikes to wear; they were so long and sharp, that no one since, not even Diablo himself, has ever been able to climb that Honey Locust Tree.

But it was too late to save the Dogwood bloom. The bites were out, and they never healed up again, as you can see this very day.

BETWEEN THE DEVIL AND THE DEEP BLUE SEA

ROBINSON CRUSOE ISLAND WILL BE A HEALTH RESORT

(By Associated Press)

Valparaiso (By Mail)—Juan Fernandez island, 450 miles west of Valparaiso, widely regarded as the spot around which the story of Robinson Crusoe was written, is to be turned into a health resort according to present plans of the Chilean government.

The island is 13 miles long and four miles wide. Vegetation is abundant. Many kinds of fruits thrive there and the sea in vicinity swarms with a species of codfish and quantities of seals according to a recent visitor.

The actual original of Defoe's story of Crusoe was said to have been Alexander Selkirk, one of a crew of buccanniers, who quarrelled with this skipper and was marooned at his own request on Juan Fernandez where he spent four lonely years. The grotto where Selkirk is supposed to have lived with man Friday still is to be seen. A British warship visited the island in 1865 and members of the crew erected a tablet in memory of Selkirk.

Some years ago the Chilean government attempted to colonize the island and gave free passage to emigrants, but the scheme was a failure and the island now has only 200 inhabitants.

It's often a man's strong right arm that favorably impresses a woman.

CLOSE DURING FUNERAL HOUR

During the funeral services of Hon. J. D. Post, from two to three o'clock Monday afternoon, virtually all business was suspended in this city as a tribute to one who has long been active in the business life of the city. The schools of the city also were dismissed at two o'clock as a tribute of respect to the former congressman.

OPEN BOX HELD IN CORNER STONE OF A. M. E. CHURCH

While tearing away the walls of the A. M. E. Church on North North Street Saturday workmen discovered an old metal box which had been placed there when the church was dedicated in 1869.

The box was in the corner stone and when opened was found to contain the fragments of records with unreadable names of the church officials two newspapers and some old coins.

The newspapers were The Washington Daily Herald, of the issue of August, 5, 1869, and the Ohio State Journal of August 9th, 1869. Both papers contained accounts of the founding of the church.

That news traveled slowly in those days is shown by the fact that four days elapsed after the news was read here before it appeared at Columbus.

The old coins consisted of one bronze cent, one silver cent, one old copper cent, one three cent piece and a bronze two cent piece.

In the newspapers it was noted that "R. B. Hayes for Governor" was a popular slogan while The Herald states that R. H. Jackson, superintendent, welcomes new students at Bloomingburg Academy.

It is announced by Rev. Hart that the box will be resealed and placed in the corner stone of the new A. M. E. Church.

MYSTERY PLAY AT THE WONDERLAND

How a woman, wife of a wealthy New Yorker, passed through a secret door into the next house to lead a different life in a gay Bohemian set, is the center of a mystery story in which a new Paramount picture stars Ethel Clayton at the Wonderland theater Monday and Tuesday—"Vicky Van." Paramount has given this picture a wonderful metropolitan setting and it is declared to be the most effective thing Miss Clayton has done since her entrance into motion pictures.

CIVIL WAR VETERAN ANSWERS FINAL CALL

At eleven o'clock Saturday night the end came quietly to Mr. Harrison Davis, 77, at his home on the corner of Grace street and Gibbs avenue.

Mr. Davis was a veteran of the Civil war. He served with the 114th regiment, O. V. I.

Mr. Davis and wife had resided in this city only since October when they moved here from Madison Mills.

Funeral services will be held Tuesday afternoon at one o'clock, sun time at Hebron Chapel, near Waterloo. Burial will be made in the churchyard cemetery.

The funeral party will leave the home at 11 o'clock Tuesday morning.

- 6—\$500 Bonds, maturing March 1, 1931.
- 1—\$1000 bond, maturing March 1, 1931.

The above bonds offer an unusual opportunity to the careful investor, when you consider a first mortgage at 50% of the appraised value and an additional safeguard, a 20-year non-cancellable lease with the United States Government, twice the life of the bonds at a rental largely in excess of the bond issue. One can conceive of no safer security. Advise by telephone or letter your selections. Bonds are offered subject to prior sale.

CONGREGATION
BIDS FAREWELL
TO OLD CHURCH

Old Christian Church Is Scene of Worship For Last Time Sunday.

Work Started Monday Morning In Preparation For New Structure.

Sunday April 3rd was an important day in the history of the Church of Christ of this city. It marked the close of more than thirty-five years of worship in the church structure located at the corner of North and Temple streets.

A group of workmen began early Monday morning in the removal of the old building which will be immediately replaced by a beautiful and commodious edifice adequately equipped to meet the requirements of this growing congregation.

The services throughout the day were in keeping with the importance of this significant occasion. Short addresses were made by nearly half a score of those who held membership in this congregation in the by-gone years, outlining the founding, struggles, and growth and recalling many pleasant memories connected with the congregation. Among those speaking were: S. E. Irvin, C. P. West, Mrs. Bert Wigginton, Mrs. Mary Johnson, Z. E. Irvin, J. M. McCay and Rev. G. E. Groves.

This congregation had a humble beginning being organized on March 23, 1879 at the home of J. C. Irvin. There were six charter members whose names are as follows: Mr. and Mrs. J. C. Irvin, E. E. Irvin, Mrs. Julia Benjamin, Mrs. Maggie Hess, and Mrs. John Hutchinson. Three of these are now living and were present at the service S. E. Irvin, Mrs. Julia Benjamin, and Mrs. John Hutchinson.

Some interesting points of history were recalled. For several years the congregation assembled in homes, the Court House, over a saloon, and in the Baptist church. Early in the 'eighties' a small offering of thirty cents was taken up and upon inquiry what should be done with the money a little boy named Eber Jones who now resides in Greenfield replied 'build a church.' The suggestion met the approval of those present and the little sum was the nucleus for the building fund which resulted in the construction of the old house of worship. When the house had been partially constructed the 'cyclone' struck the city and because of the loss suffered by those who had made pledges to this undertaking the building stood for a year with out a roof. When the congregation finally 'moved in' the house was without pews, plaster or furnace.

The ministry of the various pastors who have labored in this field was recalled and the faith consecration and unselfish services of those of many men and women brought to memory. As a memento of the many happy memories connected with the old church building the congregation posed for a picture at the close of the services in front of the structure.

The congregation will hold their services in the High School auditorium while the new house of worship is under construction. This work will be pushed as rapidly as conditions will permit, and it is hoped to have it completed by the middle of autumn.

The ministers who have served during the 35 years that the church has been in service are Miss Mary Smith, A. J. Sever, Thomas VanKirk, Austin Hunter, W. G. Volliva, A. H. Honeywell, W. H. Boden, Brant Waller, J. J. Cole, H. A. Wingard and G. E. Groves.

BOY ON BICYCLE
STRUCK BY CAR

Russell Brown, nine year old son of Mr. and Mrs. W. H. Brown, Rawlings street, is confined to his home, unable to walk, as a result of an accident Saturday evening.

The boy was on his bicycle, and was going down Rawlings street when a car, driven by a Dayton man, came up from behind. Both the boy and the driver of the car became confused. Russell was struck and thrown to the ground.

His back was injured so seriously that he has since been unable to walk but improvement is underway.

DIG AUDIENCE SEES
SECOND NIGHT SHOW

An audience composed of those who were unable to gain admission the first

night saw the second presentation on Saturday night of "Stop Thief", played by the Forum Literary Society of Washington High School.

The play was very successful financially and the school has extended its appreciation to the cast, and the director, Mr. O. C. Martin, for their efforts.

FUNERAL CROWD
PACKS CHURCH

With the First Presbyterian church wholly inadequate to accommodate the great concourse of friends who assembled to pay final tribute, the funeral services of Hon. J. D. Post were held at two o'clock Monday afternoon, during which time business was suspended throughout the city.

The services were conducted by Rev. A. L. McWilliams, and the members of Fayette Bar Association, Fayette War Work Council and Elks Lodge each attended in a body. The beautiful floral tributes were numbered by the dozens.

Following the ceremonies at the church burial was made in the Washington cemetery. The pall bearers were Messrs. Clark Post, Tasso Post, M. S. Daugherty, C. A. Reid, Ben Jamison and Henry Brownell.

DELIVERS SERMONS
AT M'NAIR MEMORIAL

Filling the pulpit of the McNair Memorial Church, Rev. P. J. Hennes of Ravenna, Ohio, delivered the sermons at the morning and evening services Sunday.

Large audiences greeted Rev. Hennes at both services.

A special meeting of the congregation was held and the matter of calling a minister was considered.

THE YOUNG LADY ACROSS THE WAY

Where
YOUR DAY BEGINS

EVERY woman likes to start the day right by looking her best. If mirrors are convenient, closets and trays handy, and toilet articles within reach from a seat of convenient height, it is easy to start the day right by making one's appearance attractive.

Where space is limited, the built-in dressing table pictured above solves the problem of getting much into the smallest possible space. Hangers on a rod make the hanging closet roomy, and open-end trays of various sizes replace the chiffonier. Unobtrusively, but necessary articles are hid from view, but within reach when dressing. And there are adjustable side mirrors for seeing how the hair or the collar looks in back.

This is only one of many attractive and convenient designs of

CURTIS WOODWORK

CHRISTIAN SCIENCE LECTURE SUNDAY

Sunday afternoon at High School Auditorium, Judge Samuel W. Greene C. S., of Louisville, Ky., member of the Board of Lectureship, The Mother Church, The First Church of Christ, Scientist, Boston, Mass., was introduced to a large audience from the city and surrounding towns, by Mrs. Janet S. Boggs, Second Reader of First Church of Christ, Scientists, Washington C. H., and spoke in part as follows:

CHRISTIAN SCIENCE The Religion of Fulfillment

What the world is wanting—is seeking—is a religion that comes to the sick and tells them how to be well; that comes to the discouraged and despondent and lifts them out of the slough of despair and despond into the richness, into the fullness into the joy, of a closer walk with God. Christian Science supplies this need through the spiritual interpretation of the Bible and the consequent spiritual understanding of God; and enables the world to find the rest and the peace that are promised by the Master.

Christian Science comes teaching in the very words of Jesus of old that the kingdom of God, the kingdom of Heaven, is at hand—is here, is now, within us, around us, and about us. Through the practice and understanding of this teaching of Jesus, men and women in constantly increasing numbers are healed of all manner of sickness and sin, and their lives are made brighter, better and more satisfying. The theory that eternal life and happiness are to be had beyond the grave only, has always been a depressing element in religion. Christian Science shows that men do not have to wait for death or a final judgment day, before realizing and experiencing the joy of the fulfillment of God's promises.

Christian Science in its healing ministry is not a patent cure-all, nor is it blind faith cure. It is not the action of will power, nor is it the action of the human mind. On the contrary, it teaches that the human mind must yield to the divine Mind, to that mind which was also in Christ Jesus. In proportion that Christian Science is understood, the life and words of Christ Jesus become practicable for all ages and all people.

Ignoring, however, the persecution the lack of sympathy and interest manifested by the world in her discovery during the early years, Mrs. Eddy never wavered in her task, but patiently and earnestly studied the Bible, that she might find the positive rule for the solution of this problem of Mind-healing which had been so graciously and wonderfully revealed to her through her own instantaneous healing from what the doctors had pronounced an incurable physical condition. The result of her studies she has since given to the world in the Christian Science text book, "Science and Health with Key to the Scriptures," commonly called Science and Health, which was published in 1875.

In Science and Health, page 123, we read "Divine Science, rising above physical theories, excludes matter, resolves things into thoughts and replaces the objects of material sense with spiritual ideas."

Let us try this plan in our destruction of evil. We may begin on the members of the household by seeing them as thoughts; thoughts of God, expressions of His goodness; and His love, existing to bless the home and all mankind. Contrariwise, let us not see them as selfish, impatient, intolerant, and all such evil thoughts and beliefs will be banished from the home. Then home will become the abiding place of love, goodness and harmony.

Maybe you are a teacher, then go forth to your school seeing the children not as disobedient, rude, mischievous, or unintelligent. Shall we not rather see them as thoughts of God, expressions of God's goodness? Love, and reflecting the intelligence of the divine Mind? You have no right to limit a child's intelligence when God has not. You can see how these uplifting thoughts will change your entire outlook and make a new school—one that will bless you, the children and all mankind.

Perhaps some of you are workers in other lines—clerks or proprietors of stores.

It does not make any difference in working God's way about one's rank, whether he be clerk or proprietor. The proper business or work for him in either instance is to prove God and His allness. Then do not see the business as so many selfish clerks, proprietors, customers and all mankind. To wait on customers is added opportunity day after day to show forth the goodness and love of God whose reflection you are. It thus means opportunity to bless each customer and should mean great joy to you and to them.

In every store will be found old stock, worn, out of date; get it down, resolve it in a thought of God's goodness and love existing to bless mankind. It will meet someone's need who hasn't money enough for prevalent prices. Let divine Mind direct you in disposing of it, and it will bless someone—it has its right place and through this process, that place can be found.

Christian Science is trying to teach men that for every human need they should look to God, to the spiritual and not to the material. There is

nothing in all God's creation to fear, for God is All-in-all and one cannot fear God or good.

FORGIVENESS OF SINS

It has sometimes been asked if Christian Science teaches that sin is forgiven. It does. Sin is forgiven when its nothingness is understood and the sinner no longer indulges therein. To pray for forgiveness, and to continue in sin does not raise a man to any new state of consciousness or well-being. It is like praying to an idol, it does not accomplish anything, but to know and understand that the illusions called sin are unreal, and confer no sweetness, or power, is to rise above sin and destroy it, consequently to find forgiveness.

Let us consider an instance in the life of the Master. On the occasion when the Scribes and Pharisees brought before him a woman taken in adultery, they were seeking the destruction of the woman and meaning at the same time, to involve the Master in a conflict with Jewish law. They assured him that the woman was guilty, and that the law commanded that such as she should be stoned, but that they desired to know what he had to say. The record states that he stooped and with his finger wrote on the ground. Is it not possible that in that moment the Master turned his gaze away from the group that he might pray, that he might see each one of that group as God's idea, an expression of God's goodness and God's love? He did not want to see self-righteous condemning Scribes and Pharisees, nor did he wish to see an impure, sinful woman, but he did want to see each one as a child of God, expressing God-like qualities.

From the result, we may judge whether or not the Master's treatment or prayer was effective; the men, one by one, went out and left the woman alone. The Master, then looking upon her, asked where were her accusers, and being informed that there were none, he answered, "Neither do I condemn thee; go and sin no more." Thus Jesus taught that his mission was not to condemn but to save the world. As followers of him, are men more apt now to condemn or to seek to save? Is not our way to group men in our thoughts and to label them one group with a certain disease, another group with some disease, then one group guilty of this crime, and another group guilty of some other crime—in other words, condemning them to disease and sin when God has not?

Let us rather be followers of the Master and try to save our fellow-men by knowing and understanding that they are God's children and as such, neither sick nor sinful.

POLISH TRAINS CARRY RELIEF

(By Associated Press)
WARSAW, (By Mail)—Trains made up entirely of Polish rolling stock and manned by Polish crews began making regular trips into Rumania recently to bring grain to the republic which suffered terribly in crop losses last year owing to the Bolshevik offensive. Rumania was unable to deliver grain to Poland because of lack of usable rolling stock. This grain is milled into flour for the population of Galicia, Northern Poland including Warsaw receives its supply of flour chiefly from America.

Two trains a day, transporting about 25,000 tons of grain a month, are now making regular trips from Central Rumania.

Experts have reported excellent prospects for Poland's crops next harvest and it is expected that with a summer of peace the country will raise enough grain to supply all needs.

MOTHERS, DO THIS—

When the Children Cough. Rub Musterole on Throats and Chests

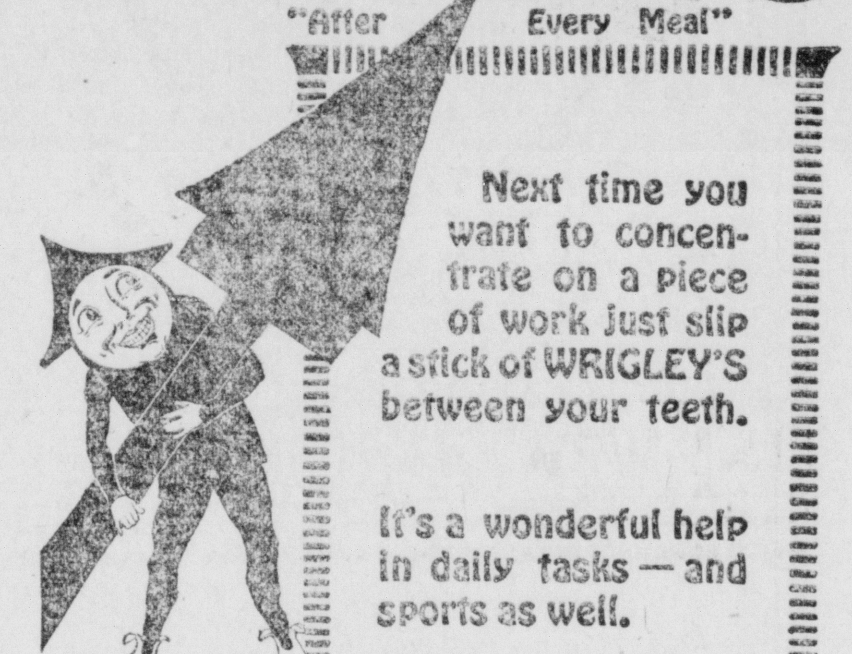

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

WRIGLEYS

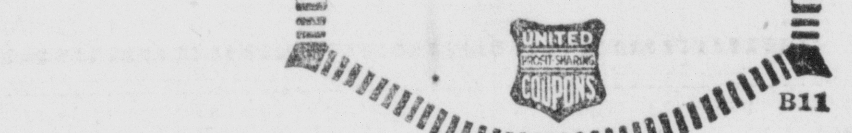

Next time you want to concentrate on a piece of work just slip a stick of WRIGLEY'S between your teeth.

It's a wonderful help in daily tasks—and sports as well.

Hazards disappear and hard places come easy, for WRIGLEY'S gives you comfort and poise—it adds the zest that means success.
